

Delock DisplayPort cable 8K 60 Hz 1 m DP 8K certified without latch

Description

This certified DisplayPort cable by Delock is used to connect devices with a DisplayPort interface, such as monitors, projectors or televisions, to a PC or laptop. By supporting a maximum bandwidth of 32.4 Gbps, content up to 8K Ultra HD (7680 x 4320 @ 60 Hz) resolution can be displayed. The high-quality, triple-shielded cable also significantly improves the quality of audio transmissions with a sampling rate of up to 1536 kHz.

Slim plug

Thanks to the missing latch, the plugs are a bit slimmer than standard DisplayPort plugs, so several ports can be used simultaneously. In addition, the plugs can be removed more easily from hard-to-reach DisplayPort ports, e.g. on the rear side of a monitor.
