Siku DHL cargo aircraft with accessories Preassembled:

Wherever something needs to be sent, the DHL professionals are right on the spot. Whether on the roads, by railway, on the water or even in the air: DHL delivers with speed and dependability. For overseas transports, the logistics professional relies on their fleet of aircraft: Flaunting the iconic DHL yellow with red lettering, the large plane is sitting on the tarmac fully fuelled. And here comes the baggage cart with the cargo. The last step before the "Engine on!" command is to stow the load securely. The ground crew directs the plane out of its parking bay, sending it off to taxi to the runway. Happy landings! The DHL airplane is made of rugged plastic and comes with all necessary accessories!
