Catapult with Mini Creature

[schleich ELDRADOR CREATURES Catapult with Mini Creature:](#)

Do you hear that rumbling? What new terror is this? It's the Shadow World Catapult with MINI CREATURE! The battle for Eldrador takes yet another twist as the MINI CREATURE loads the catapult and fires a daring shot. Take cover!

Oh dear! The creatures of the Shadow World have snatched the catapult as well! Whoever owns the catapult can use it to fearlessly travel through Eldrador and face down any enemy. On board the catapult are two projectiles that can be inserted in the front. Pyramids made of enemy MINI CREATURES can easily be toppled with it! The driver has also equipped himself for close combat. But the catapult looks pretty fierce by itself. Besides, there's a secret hiding place somewhere. Who can find it? By the way: All the collectible MINI CREATURES (sold separately) fit into the cockpit.
